

DA's National Chief Information Officer (CIO) Academy

**CIO Academy Workshop at FAEDS 2019
Sept 18 & 19 in Orlando**

Conducted by DA and sponsored by FAEDS

Comprehensive leadership development for K-20 district technology leaders

DA's National CIO Academy is where current and aspiring district technology leaders learn how high-performing technology departments address digital transformation, safety, governance and project management; develop effective cross-functional leadership practices with key stakeholders; and help prepare all students to be global digital citizens.

Who should attend:

- Current District Technology Leaders
- Aspiring CIOs
- Current Education Technology Leaders

Our cohort learning model includes:

- Leadership
- Strategy
- Safety
- Employee Management

Learn best practices, systems and tools for:

- Systems vs Silo Strategic Planning
- Transformational Leadership
- Organizational Change Management
- Employee
 - Recruitment
 - Retention
 - Succession Planning
- Cybersecurity
- Infrastructure Readiness
